Monroe Township

Dunbar Road between Herr Road and Telegraph Road (US-24)

Cadillac Asphalt is scheduled to install 4-foot wide paved shoulders along Dunbar Road between Herr Road and Telegraph Road next week. After the paved shoulders are installed, Dunbar Road will be cold milled and resurfaced with hot mix asphalt. Traffic regulators will maintain one-lane, two-way traffic on Dunbar Road during the shoulder paving, cold milling, and hot mix asphalt resurfacing operations

Herr Road between Dunbar Road and South Custer Road (M-50)

Miller Bros. Construction is scheduled to begin cold milling on Herr Road between Dunbar Road and South Custer Road next week. The cold milling is being performed to prepare the road for resurfacing with hot mix asphalt, which is expected to begin the week of June 27. Traffic regulators will maintain one-lane, two-way traffic on Herr Road during the cold milling and hot mix asphalt resurfacing operations

Raisinville Township

Chip Seal Projects

The following roads is tentatively scheduled to be chip sealed during the upcoming week. The roads will be closed to through traffic while crews are working, and the roads will be swept the following day. Motorists are encouraged to travel at the advisory speed limit of 25 mph until the chip seal surface has been swept.

Blazer – Stadler to Village Limits
Blazer – Stewart to Stadler
Dixon - Railroad to Ida Maybee

Yensch Road between Day Road and Oelke Road

The Monroe County Drain Commission will be closing Yensch Road for replacement of the culverts under the road. The work to replace the culvert is estimated to take approximately one (1) week to complete, weather permitting. There will be no detour route due to the low traffic volume and short duration of the closure.
